Mary Ann,

As a heads-up, I spoke with Paul Lamareaux about the fine associated with the East Side mine (Alabaster in Washington County). He is feeling that the fine is unfair and is wanting to appeal. The problem is that he missed the window of appeal. The CO was terminated in December after they had completed the reclamation work at the site. We then sent the reassessment which they received on December 28, 2006. Unfortunately Mr. Lamareaux has had some extreme eye problems and did not read the appeal process. He had thought they took care of the problem when they got it reclaimed and missed the appeal window. Because of his extenuating circumstances, he is still hoping that you would still be willing to listen to his appeal. I expect that he may be contacting you in the near future. I am okay with allowing this, because of his circumstances, but its your call.

*Talked with Mary Ann about this on March 8th,  
She is okay with allowing the phone conference,  
Daron Haddock*
